

## BDO Auto Loan – The HARIBON Foundation Adopt-A-Tree Program

BDO Unibank, Inc. and The HARIBON Foundation have formed a partnership to reinforce community driven sustainability initiatives through BDO's Adopt-A-Tree Program.

With the Adopt-A-Tree Program, BDO will be donating one (1) native tree seedling to The HARIBON Foundation's Forests for Life Movement for every availed BDO Auto Loan until August 31, 2023.

The donation will also provide training and additional income for Haribon's partner farmers and rural communities who help maintain the reforestation sites.

BDO Auto Loan will also extend special interest rates to clients who will purchase Electric (EV) and Hybrid Electric Vehicles (HEV). Below are sample computations based on some available EV and HEVs.
